

Scorer's Duties

Pre Season

- Obtain copies of the team list & game draw from the Team Manager.
- Obtain the team's scorebook from the Equipment Officer.
- Discuss with Coach any requirements for scoring or preparation of team statistics.
- Enlist the support of a Pitch Counter (&/or Scorer's assistant).

During the season

- The Scorers from both teams shall sit together in a neutral area, preferably behind home plate or as directed by the umpire. **Failure to comply with this rule when requested to do so by the Umpire will lead to a penalty of forfeit for each offence.**
- The Scorer obtains from the Coach/Manager prior to the start of the game the batting line up for the team & transcribes it into the scorebook. Also obtain the details of the other teams batting line up & transcribe into the scorebook too.
 - The visiting side bats first.
 - Check accuracy of statistics recorded by regular comparison with the other scorer.
- The Home Team Scorer ensures the Results Sheet is fully completed as required by the League & duly signed & emailed to the club's scoring co-ordinator.
- The Away Team Scorer will ensure that the Results Sheet is accurately completed prior to its presentation to the Coach & Umpire for signing.
 - Where necessary the Scorer can seek clarification from the Umpire.
 - The Scorer is 'neutral' & should not advise either team if they have batted out of order.
 - The umpire may ask the scorers to advise the proper order of the batters.
 - Teams may inquire as to the correct batting order for their team.
 - The Umpire may request the Scorers to advise the number of outs, count on the batter, or in T-ball to advise when the "last batter is up".
- The Scorer is to complete a Match Report (positives or negatives) with the Coach & Manager & email that with the Result Sheet to the scoring co-ordinator.
- If there are any incidents** then the Protest Form &/or Injury Forms need to be filled in. The Home Team Scorer completes them, consulting the Manager. These documents need to be photographed & emailed to the Scoring Co-ordinator accompanying the Result Sheet AND Match Report.
